Dear Sir/Madam,

Re: Request for Work-Integrated Learning (WIL) Opportunity

I hope this letter finds you well. My name is **Jackson [Your Last Name]**, and I am a recent graduate from Mountain View High School, where I completed my studies with a focus on subjects such as English, Sepedi, Mathematics Literacy, Life Sciences, Physical Sciences, and Agricultural Sciences.

I am reaching out to inquire about the possibility of completing my **Work-Integrated Learning (WIL)** practicals at Eskom. I am eager to gain real-world experience and contribute to your company's objectives while further developing my skills in a professional environment.

Having completed my high school education, I am highly motivated to apply my knowledge and skills and believe that Eskom, with its established reputation in the energy sector, would be an ideal setting for me to learn, grow, and contribute.

Please find my curriculum vitae attached for your review. I would be grateful for the opportunity to discuss how my skills and eagerness to learn can benefit Eskom, and I am open to any positions that may be available for WIL students.

I would appreciate the opportunity to meet with you or your team to discuss potential opportunities. Thank you for considering my application. I look forward to hearing from you.

Sincerely,
Jackson Motimele
